OBJECTION

At its February 6, 2009 meeting the Administrative Rules Review Committee voted two separate objections to certain provisions of ARC 7516B relating to plumbing and mechanical systems licensure. This filing appears in IAB Vol. XXXI, No. 15 (01-14-09). The committee takes this action pursuant to the authority of §17A.4(5).

The committee objects to paragraphs 28.1(2)"d" and (3)"d" relating to the total fee for combined licenses. Committee members believe that it is unreasonable, and imposes an unnecessary hardship, to charge the face value of each license for individuals who need combined licenses.

The committee also objects to paragraph 28.1(10) which imposes a twenty-five dollar surcharge for applicants who file paper applications instead of electronic. Committee members believe that it is unreasonable to impose a penalty on individuals who may not have access to, or have the expertise to use internet-based application and payment procedures.
